

Summary Ontario QSO Party 2015

Ontario

Despite less than stellar conditions, congratulations go to John – VE3EJ for setting a new All-time High Score record. VE3DC took top spot in the multi-multi class, followed by VE3CX operating as a M2. VE3ZF took top spot as a multi-op/Rover, with VE3ATT taking top spot as a single op Rover. VA3DF used low power in the jungle to placed first in the low power mixed class. Top CW only op was VE3UTT, followed by VE3TW operating phone. Top QRP op was VE3NZ. We are also sad to report that VE3TA became a SK just days before this years OQP, and our thoughts go out to his family.

Contest Conditions

We are happy to report that we received 95 logs. While not record setting, we do appreciate everyone who submitted a log. Having other contests running on the same weekend is a mixed blessing – more activity is always welcome, but can add to a bit of extra QRM. As several folks noted – conditions were less than stellar, but a good time was had by all.

Contest Records

As noted above, VE3EJ set a new OQP record. VE3CX and VE3TU traveled west to Rainy River to set a new RAI record. VA3DF set a new Norfolk record. VE3ZF set a new Lennox-Addington record., and now holds ALL the Multi-Op records in the OQP! K3MA set a new Pennsylvania record, N7MZW set a new Wyoming record, WN4AFP set a new South Carolina record and last but not least, CX7RT used QRP to set a new Uruguay record.

THANKS FOR YOUR CONTRIBUTION

Contest Club Ontario thanks those within and outside Ontario for their participation. We hope to see you all once again in 2016!
