

Summary Ontario QSO Party 2021

OQP was once again a record breaking event with 412 logs submitted! Thanks to every one who got on, made some QSO's and submitted a log. Your participation is greatly appreciated, and helps make the event bigger and better each year. It also helps us ensure that the final results are as accurate as possible.

At long last, cycle 25 is starting to make its presence known, and the high bands are starting to show signs of life. We certainly expect this trend to continue in the coming years, and to even more record breaking scores in the coming years.

In doing our post-contest analysis, we have a few changes in store for next year that should make OQP 2021 even better. No rule changes, but we have secured the cal VE3CCO (in addition to VA3CCO), and next year it will make it debut in the OQP. More details next year when OQP gets closer

CONTEST RECORDS

Another record breaking year indeed! As we went through the records, 35 county and state records were updated, which is just wonderful! Congratulations to all the stations who got on, and helped make OQP 2021 a great event indeed,

All-time-High-Score	VE3EJ	1,224,523

West Virginia	N8II	30,960
France	TM6M	9,630
Netherlands	PA3AAV	528
Poland	SP6JOE	480

Thanks for your Participation

Contest Club Ontario wishes to thank everyone for taking part in our OQP Party. Without you, there would not be an Ontario QSO Party! Yes – we know – We keep saying the same thing every year, but its true, and we are happy to keep making a point of it. We DO appreciate each and every entry – large and small. Your participation is greatly appreciated.

We also wish to thank the many folks at Contest Club Ontario who work behind the scenes who help promote the Ontario QSO Party, who compile and score the logs, and deliver the final results. It is very much something we all enjoy, and helps us become better testers. We also enjoy being part of the greater contesting community. We hope to see to seeing you again in 2022 when the snow leaves and summer is once again around the corner!
